- **Platforms:** LeetCode, HackerRank
- **Languages Known:** Hindi, English, Gujarati

Soft Skills

- Problem-Solving & Critical Thinking
- Effective Communication & Team Collaboration
- Adaptability & Learning Agility

Education

BCA, S.V.E.T. College, Saurashtra University
Class XII, J P Modi School, Jamnagar, Gujarat
Class X, Mother Teresa Vidyapeeth, Muzaffarpur, Bihar

Currently VI Semester
2023
2021

Projects

- | | |
|--|--------|
| ChocoCart Ecommerce Website (PHP) | GitHub |
| • Developed responsive, interactive frontend with HTML, CSS, JS, and dynamic backend using PHP for seamless user experience. | |
| Weather App (JAVASCRIPT) | GitHub |
| • Built a responsive weather app with live city updates and dynamic day/night UI to enhance user engagement. | |
| Gesture Snake Game (PYTHON) | GitHub |
| • Designed engaging UI and smooth gameplay for a Python-based Snake game with hand-gesture controls. | |
| Java Group Chat App (JAVA) | GitHub |
| • Developed a console-based Java group chat app enabling real-time communication between multiple users. | |
| Email Spam Management System (C++) | GitHub |
| • Created a C++ application to efficiently detect and manage spam emails with a user-friendly console interface. | |
| Tic Tac Toe (C) | GitHub |
| • Built a console-based Tic Tac Toe game in C with an intuitive interface and interactive gameplay. | |

Experience

- **Data Analytics Job Simulation** — Tata iQ (Forage), January 2026
 - Completed an AI-powered data analytics and strategy simulation for the Financial Services team at Tata iQ.
 - Performed exploratory data analysis (EDA) using GenAI tools to assess data quality and identify delinquency risk indicators.
 - Designed and justified a no-code predictive modeling framework for customer delinquency risk assessment.
 - Proposed an AI-driven collections strategy leveraging agentic AI, automation, ethical AI principles, and regulatory compliance.
- **Cybersecurity Security Analyst Job Simulation** — Tata Consultancy Services (Forage), January 2026
 - Completed a cybersecurity job simulation focused on Identity and Access Management (IAM) for Tata Consultancy Services.
 - Gained hands-on exposure to IAM principles, cybersecurity best practices, and alignment of security solutions with business objectives.
 - Produced comprehensive documentation and professional presentations to communicate technical concepts effectively.

Certifications & Achievements

- HackerRank 5-star Gold Badge in C and C++
- HackerRank - Problem Solving
- HackerRank - SQL
- IBM - Getting Started with Artificial Intelligence
- IBM - Cloud Computing Fundamentals
- IBM - Project Management Fundamentals
- IBM - Job Application Essentials
